

# Neoadjuvant chemotherapy for breast cancer: more than just downsizing

*Linking practice  
to evidence and beyond*

President  
Paolo Burelli

**ONLINE**  
**18 | 25 September 2020**

CON IL PATROCINIO DI

REGIONE DEL VENETO

**ULSS2**  
MARCA TREVIGIANA

09:00/09:20	Opening ceremony and introduction to the Meeting.	(Authorities welcome)
09:20/09:50	Main Lecture: What have we learned so far? From Halsted to Fisher.  <i>Chairmen: M. Guido (Padua), E. Orvieto (Rovigo)</i>	P.F. Conte (Padua)
09.50/10:05	NACT in the non-luminal HER2 positive breast cancer.	L. Laurino (Mestre)
10.05/10:20	Triple-Negative breast cancer: who should receive neoadjuvant chemotherapy? Do TILs play any role?	M. Cacciatore (Treviso)
10:20/10:35	Does NACT in breast cancer improve overall survival?	R. Babare (Treviso)
10.35/10.50	Question time  <i>Chairmen: G. Morana (Treviso), S. Montemezzi (Verona)</i>	
10:50/11:05	What is the best way to assess the response to NACT?	L. Martincich (Asti)
11:05/11:20	Diagnostic assessment of extent of disease in axilla before, during, and after NACT.	C.M. Weiss (Treviso)
11:20/11:30	Question time	
11:30/12:00	The correct treatment of the surgical specimen: from the needle to the microscope.	A. Ferrario (Monza), A. Segnalini (Monza)
11:50/12:00	Final greetings.	

09:00/09:20	Opening ceremony and introduction to the Meeting.	(Authorities welcome)
09:20/09:40	Expert's point of view: Surgical management of patients undergoing NACT.  <i>Chairmen: G.P. Pollini (Verona), G. Meneghini (Arzignano), F. Meggiolaro (Mestre)</i>	C. Mariotti (Ancona)
09:40/09:55	Is breast conservative surgery feasible after NACT?	C. Cedolini (Udine)
09:55/10:10	Management of axilla after NACT: is SLNB dependable?	C. Rizzetto (Treviso)
10:10/10:25	Nipple-sparing mastectomy after NACT: is there any contraindication?	G. Berna (Treviso)
10:25/10:40	Does NACT increase complication rate in breast surgery?	T. Saibene (Padua)
10:40/10:55	Pathological complete response and long-term clinical benefit in breast cancer.	G. Luridiana (Cagliari)
10:55/11:05	Question time  <i>Chairmen: A. Gava (Treviso), A. Favaretto (Treviso)</i>	
11:05/11:20	Radiation therapy after surgery in patients undergoing NACT.	M. Cesaro (Treviso)
11:20/11:35	NACT, surgery and then, what else?	V. Guarneri (Padua)
12:35/11:50	Back to the future: can breast biopsy after NACT accurately predict presence of residual burden disease and eliminate surgery?	M. Roncella (Pisa)
11:50/12:00	Conclusions.	P. Burelli (Treviso)

## SCIENTIFIC BOARD

Dr Paolo Burelli | Dr Christian Rizzetto

## SCIENTIFIC SECRETARIAT

Dr.ssa Franca Callegari | Dr.ssa Barbara Gnoco

## CME CREDITS
